## Number bonds

Please practise your doubles to 20.

Example of a way to practise using counters/small objects first before using mental maths:

Double 5 is \_\_\_\_\_

Double 6 is \_\_\_\_\_

Double 7 is \_\_\_\_\_

Double 8 is \_\_\_\_\_

Double 9 is \_\_\_\_\_

Double 10 is \_\_\_\_\_

## Weekly Challenge (PE)

### A trip to the Seaside!

Open up Week 3's introduction video that will be sent out on Monday 15<sup>th</sup>. Find a little bit of space in your house - enough that you can move around safely without bumping into things. Get some active clothes on and take a virtual trip to the seaside with me!

#### Super challenge!

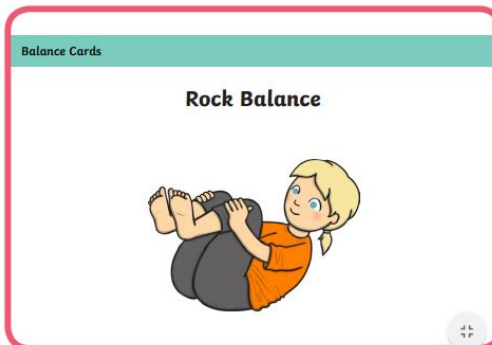

With the help of an adult, can you find some music (perhaps on youtube) that makes you think of the sea and make your own dance to it? Think of some movements you could with your body to show:

- Calm waves and rough waves
- Sea creatures
- Swimming in the sea
- Rain, thunder and lightening

If you want to, you can record your dance and send it to me! I would love to see your choreography!

Can you use any of the balances or sequences below in your dance?

Sequence Building 

1. Starting position
2. Jumping jack
3. Anchor balance on one foot
4. Forward roll
5. Finishing position

Sequence Building 

1. Starting position
2. Straight jump
3. Forward roll or rocking boat
4. Rock balance on your back
5. Finishing position

Remember to keep an eye on the [school blog](#) each day for other activity ideas. Thank you! Take care and have a good week.

Best wishes, Mrs Dawson
